Invent your own breakfast cereal! Use an old box to design your new product!

Make a paper mache bowl. Use an old bowl as a base and cover it in paper mache. Once it is dry put a design on the bowl. You could varnish it to finish it off. What will you use your new bowl for?

Activity 3

Do a survey to find out about how people like their porridge (do they add in salt, fruit, different toppings?). What is the most popular way to eat it?

Activity 4
