THE WHEEL OF FORTUNE

Lyrics

Roon' and roon' goes the wheel of fortune, roon' and roon' till it wearies me
Young men's hearts are so uncertain, sad experience teaches me.
Nineteen seventeen fifteen thirteen eleven nine seven and a five three one
Twenty eighteen sixteen fourteen twelve ten eight six four two none.

Ower yon hill there lives a lassie, and her name I do not know,
Some day soon I'm gan tae see her, whether she be rich or no.

Lassie I hae gold and siller, lassie I had hooses and land,
Lassie I hae ships on the ocean, all are there at your command.

I don't want your gold and siller, I dinna want your hooses and land,
I don't want your ships on the ocean, all I want is a nice young man.

Activity 1

Watch Kate perform the song on YouTube, how quickly can you sing the song? Give it a go!

Activity 2

Have a look at the numbers in the chorus, can you try and sing it backwards? Try singing it as it is written on the lyrics and then sing it backwards! For example, “none two four six eight ten twelve fourteen sixteen eighteen twenty. One three five and seven nine eleven thirteen fifteen seventeen nineteen.”

Activity 3

Replace the numbers in the chorus with a list of colours. Now try it with other lists of things (sports, hobbies, foods etc.)

Activity 4

Can you create your own actions to go along with the song? Use the beat to help you. See if you can keep the actions going when you speed the song up.
