Activity 1

Can you draw a picture of the strong man in this song and the dragon people thought he might have fought?

Create a dance about people travelling from one place to another on a boat. Think about movements which could represent rowing, the sea waves, being strong, saying goodbye to friends and saying hello to new people.

Activity 4

Some of the words in this song are made up. Can you make up some pretend words and sing them along with the same tune?
